#### ROBINSON, FARMER, COX ASSOCIATES, PLLC

**Certified Public Accountants** 

#### **Independent Auditors' Report**

To the Board of Supervisors County of Bland, Virginia Bland, Virginia

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Bland, Virginia, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties*, *Cities*, *and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Bland, Virginia, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Change in Accounting Principle

As described in Note 25 to the financial statements, in 2021, the County adopted new accounting guidance, GASB Statement No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

#### Restatement of Beginning Balances

As described in Note 25 to the financial statements, in 2021, the County restated beginning balances to reflect the requirements of GASB Statement No. 84. Our opinion is not modified with respect to this matter.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, and schedules related to pension and OPEB funding on pages 88, and 89-107 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Bland, Virginia's basic financial statements. The introductory section, other supplementary information, and other statistical information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and other statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

Prolina, Faver, lox associates

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2021, on our consideration of the County of Bland, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of County of Bland, Virginia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Bland, Virginia's internal control over financial reporting and compliance.

#### County of Bland, Virginia Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds To the Statement of Activities For the Year Ended June 30, 2021

| Amounts reported for governmental activities in the statement of activities are different because:   |          |   |                 |
|--|----------|---|-----------------|
| Net change in fund balances - total governmental funds   |          |   | \$<br>(587,404) |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense This is the amount by which depreciation exceeded capital outlays in the current period.  Capital asset additions  Depreciation expense  |          | 333,570<br>(409,347)                    | (75,777)        |
| Revenues in the statement of activities that do not provide current financial resources are not reported a revenues in the funds.  Change in unavailable revenue-property taxes  | <b>3</b> |   | (47,540)        |
| The issuance of long-term obligations (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term obligations consumes the curren financial resources of governmental funds. Neither transaction, however, has any effect on net position Also, governmental funds report the effect of premiums, discounts, and similar items when debt is firs issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term obligations and related items.  Payments of principal: | :        |   |                 |
| Lease revenue bonds Capital lease (Increase) decrease in landfill accrued closure and post-closure monitoring costs  | \$       | 120,000<br>30,000<br>843                | 150,843         |
| Some expenses reported in the statement of activities do not require the use of current financia resources and, therefore are not reported as expenditures in governmental funds.  Change in compensated absences Change in pension related items Change in OPEB related items Change in accrued interest payable  | l<br>\$  | 10,911<br>(38,456)<br>(55,450)<br>1,438 |                 |
| Amortization of bond premium   |          | 17,524                                  | <br>(64,033)    |

The notes to the financial statements are an integral part of this statement.

Change in net position of governmental activities

#### COUNTY OF BLAND, VIRGINIA

### NOTES TO THE FINANCIAL STATEMENTS JUNE 30, 2021

#### Note 1-Summary of Significant Accounting Policies:

The financial statements of the County conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

#### A. Financial Reporting Entity

The County of Bland, Virginia (government) is a municipal corporation governed by an elected four-member Board of Supervisors. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

Blended Component Units - The Bland County Service Authority provides water and sewer service to the County. The Service Authority is fiscally dependent upon the County. In addition, the County Board appoints the Service Authority's Board. A separate report is not issued for the Authority.

Discretely Presented Component Units - The component unit columns in the financial statements include the financial data of the County's discretely presented component units. They are reported in a separate column to emphasize that they are legally separate from the County.

The Bland County School Board operates the elementary and secondary public schools in the County. School Board members are popularly elected. The School Board is fiscally dependent upon the County because the County approves all debt issuances of the School Board and provides significant funding to operate the public schools since the School Board does not have separate taxing powers. The School Board is presented as a governmental fund type. A separate report is not issued for the School Board.

The Bland County Economic Development Authority encourages and provides financing for economic development in the County. The Economic Development Authority board members are appointed by the Board of Supervisors. The Economic Development Authority is fiscally dependent upon the County. The Economic Development Authority is presented as an enterprise fund type. A separate report is not issued for the Economic Development Authority.

The Bland County Wireless Authority provides wireless internet services in the County. The Wireless Authority board members are appointed by the Board of Supervisors. The Wireless Authority is fiscally dependent upon the County. The Wireless Authority is presented as an enterprise fund type. A separate report is not issued for the Wireless Authority.

Related Organizations - The County has no related organizations.

#### Note 1-Summary of Significant Accounting Policies: (Continued)

#### A. Financial Reporting Entity (Continued)

Jointly Governed Organizations - The County of Bland and the County of Wythe participate in supporting the Wythe-Bland Service Authority. The respective governing bodies of the jurisdictions appoint the governing body of this organization. The Service Authority generates revenue through service charges for refuse disposal.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The Statement of Net Position is designed to display the financial position of the primary government (governmental and business-type activities) and its discretely presented component units. Governments report all capital assets, including infrastructure, in the government-wide Statement of Net Position and report depreciation expense - the cost of "using up" capital assets - in the Statement of Activities. The net position of a government is broken down into three categories: 1) net investment in capital assets; 2) restricted; and 3) unrestricted.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds, if any, are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

#### Note 1-Summary of Significant Accounting Policies: (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized when they have been earned and they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service principal and interest expenditures on general long-term debt as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for uncollectible amounts. Property taxes not collected within 60 days after year-end are reflected as unavailable revenues.

Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general-purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when the government receives cash.

The government reports the following major governmental funds:

The general fund is the government's primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for in other funds. The general fund includes the activities of the Law Library Fund, the E-911 Fund, Federal Asset Forfeiture Funds, the Social Services Fund, the CSA Fund, the Selective Enforcement Fund, the Recreation Fund, Courthouse Maintenance Fund, Patrol Fund, the Courtroom Security Fund, Sheriff Asset Forfeiture Fund, Commonwealth's Attorney Asset Forfeiture, General Fund Reserves, Sheriff Dare Funds, Capital Improvement Fund, Broadband Expenditure Funds, Rocky Gap Greenway Project, Library Building Fund, Industrial Park Expenditure Fund, and Indian Village.

#### Note 1-Summary of Significant Accounting Policies: (Continued)

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)

The School Board reports the following major funds:

The School Operating Fund is the primary operating fund of the School Board and accounts for and reports all revenues and expenditures applicable to the general operations of the public school system. Revenues are derived primarily from appropriations for the County and state and federal grants.

The School Activity Fund accounts for and reports all funds received from extracurricular school activities, such as entertainment, athletic contests, club dues, fundraisers, etc., and from any and all activities of the individual schools.

The government reports the following major proprietary funds:

The Bland County Service Authority provides water service to the County and is presented as a blended component unit.

Additionally, the government reports the following fund types:

Fiduciary funds (trust and custodial funds) account for assets held by the government in a trustee capacity or as agent or custodian for individuals, private organizations, other governmental units, or other funds. The Custodial fund consists of the special welfare fund.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the government's water and sewer function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise fund are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### D. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position/Fund Balance

#### 1. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand and amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government. For purposes of the statement of cash flows, the government's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

#### 2. Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, other nonparticipating investments and external investment pools are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased are stated at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction at year end.

#### 3. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans). All other outstanding balances between funds are reported as "advances to/from other funds" (i.e. the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds, as reported in the fund financial statements, are offset by fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

#### 4. Property Taxes

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate taxes are payable on December 5<sup>th</sup>. Personal property taxes are due and collectible annually on December 5<sup>th</sup>. The County bills and collects its own property taxes.

#### 5. Allowance for Uncollectible Accounts

The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$188,836 at June 30, 2021. The allowance consists of delinquent taxes in the amount of \$127,888, delinquent garbage bills of \$51,242, and delinquent water and sewer bills of \$9,706.

D. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position/ Fund Balance Assets (Continued)

#### 6. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### 7. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The County had no capitalized interest for the year ended June 30, 2021.

Property, plant, and equipment and infrastructure of the primary government, as well as of the component units, is depreciated using the straight line method over the following estimated useful lives:

| Assets                     | Years |
|----------------------------|-------|
| Buildings and improvements | 20-40 |
| Utility plant              | 20-40 |
| Infrastructure             | 20-40 |
| Machinery and equipment    | 4-30  |
| Land improvements          | 30    |

D. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position/ Fund Balance Assets (Continued)

#### 8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure/expense) until then. The County has one item that qualifies for reporting in this category. It is comprised of certain items related to the net pension liability and net OPEB liabilities and contributions to the pension and OPEB plans made during the current year and subsequent to the net pension liability and net OPEB liability measurement date. For more detailed information on these items, reference the related notes.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has two items that qualify for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30<sup>th</sup>, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup>, and amounts prepaid on the 2<sup>nd</sup> half installments and is deferred and recognized as an inflow of resources in the period that the amount becomes available. Under the accrual basis, 2<sup>nd</sup> half installments levied during the fiscal year but due after June 30<sup>th</sup> and amounts prepaid on the 2<sup>nd</sup> half installments are reported as deferred inflows of resources. In addition, certain items related to the measurement of the net pension liability and net OPEB liabilities are reported as deferred inflows of resources. For more detailed information on these items, reference the related notes.

#### 9. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement. The County accrues salary-related payments associated with the payment of compensated absences. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.

#### Note 1-Summary of Significant Accounting Policies: (Continued)

### D. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position/ Fund Balance Assets (Continued)

#### 10. Pensions

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's and School Board's Retirement Plan and the additions to/deductions from the County's Retirement Plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### 11. Other Postemployment Benefits (OPEB)

For purposes of measuring the net VRS related OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to the OPEB, and OPEB expense, information about the fiduciary net position of the VRS GLI, HIC, and Teacher HIC OPEB Plans and the additions to/deductions from the VRS OPEB Plans' net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

In addition to the VRS related OPEB, the County and School Board allow their retirees to stay on the health insurance plan after retirement. The retiree is required to pay the blended premium cost creating an implicit subsidy OPEB liability. In addition, retirees receive a monthly stipend toward their health insurance cost until the retiree is Medicare eligible.

#### 12. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

D. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position/ Fund Balance Assets (Continued)

#### 13. Fund Balance

The following classifications of fund balance describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance amounts that are not in spendable form (such as inventory and prepaids) or are required to be maintained intact (corpus of a permanent fund);
- Restricted fund balance amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restrictions may be changed or lifted only with the consent of the resource providers;
- Committed fund balance amounts that can be used only for the specific purposes determined by the adoption of an ordinance committing fund balance for a specified purpose by the City Council/Board of Supervisors/Town Council prior to the end of the fiscal year. Once adopted, the limitation imposed by the ordinance remains in place until the resources have been spent for the specified purpose or the Council/Board adopts another ordinance to remove or revise the limitation;
- Assigned fund balance amounts a government intends to use for a specific purpose but do not meet the criteria to be classified as committed; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. Unlike commitments, assignments general only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment;
- Unassigned fund balance amounts that are available for any purpose; positive amounts
  are only reported in the general fund. Additionally, any deficit fund balance within the
  other governmental fund types is reported as unassigned.

The County's highest decision-making level is the Board of Supervisors. Action from the Board of Supervisors is required to commit or release funds from commitment.

The County's Board of Supervisors has authorized the County Administrator to assign fund balance to a specific purpose as approved within the County fund balance policy.

The County considers restricted fund balance to be spent when an expenditure is incurred for purposes for which restricted and unassigned, assigned, or committed fund balances are available, unless prohibited by legal documents or contracts. When an expenditure is incurred for purposes for which committed, assigned or unassigned amounts are available, the County considers committed fund balance to be spent first, then assigned fund balance, and lastly unassigned fund balance.

#### Note 1-Summary of Significant Accounting Policies: (Continued)

D. Assets, Deferred Outflows/Inflows of Resources, Liabilities, and Net Position/ Fund Balance Assets (Continued)

#### 14. Net Position

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted—net position and unrestricted—net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted—net position to have been depleted before unrestricted—net position is applied.

#### Note 2-Stewardship, Compliance, and Accountability:

#### A. Budgetary Information

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

- 1. Prior to March 30, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them.
- 2. Public hearings are conducted to obtain citizen comments.
- 3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.

Notes to Financial Statements (Continued) June 30, 2021

#### Note 2-Stewardship, Compliance, and Accountability: (Continued)

#### A. Budgetary Information (Continued)

- 4. The Appropriations Resolution places legal restrictions on expenditures at the function level. Only the Board of Supervisors can revise the appropriation for each department or category. The Board of Supervisors authorizes transfers of budgeted amounts within the general government departments and the school system's categories.
- 5. Formal budgetary integration is employed as a management control device during the year for the General Fund. The School Operating Fund is integrated only at the level of legal adoption.
- 6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 7. Appropriations lapse on June 30, for all County units. The County's practice is to appropriate Capital Projects by Project. Several supplemental appropriations were necessary during this fiscal year.
- 8. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to commit that portion of the applicable appropriations, is not part of the County's accounting system.
- B. Excess of Expenditures Over Appropriations

For the year ended June 30, 2021, the School Board had expenditures in excess of appropriations.

C. Deficit Fund Equity

At June 30, 2021, there were no funds with deficit fund equity.

#### Note 3-Deposits and Investments:

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and Collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act") Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

#### Note 3-Deposits and Investments: (Continued)

Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper that has received at least two of the following ratings: P-1 by Moody's Investors Service, Inc.; A-1 by Standard and Poor's; or F1 by Fitch Ratings, Inc. (Section 2.2-4502), banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP). The County had no investments as of June 30, 2021.

#### Note 4-Due from Other Governmental Units:

The following amounts represent receivables from other governments at year-end:

|                                  |    | Governmental Activities |    | Component Unit<br>School Board |  |  |
|----------------------------------|----|-------------------------|----|--------------------------------|--|--|
| Commonwealth of Virginia:        |    |                         |    |                                |  |  |

#### Note 5-Interfund Transfers and Balances:

Interfund transfers for the year ended June 30, 2021 consisted of the following:

| Fund                | Tra | Transfers In |    | Transfers Out |  |  |
|---------------------|-----|--------------|----|---------------|--|--|
| Primary Government: |     |              |    |               |  |  |
| General Fund        | \$  | 3,613        | \$ | 708,345       |  |  |
| Service Authority:  |     |              |    |               |  |  |
| Water Fund          |     | 316,808      |    | 3,613         |  |  |
| Sewer Fund          |     | 391,537      |    | -             |  |  |
| Total               | \$  | 711,958      | \$ | 711,958       |  |  |

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgeting authorization.

#### Note 9-Pension Plans:

## **Plan Description**

All full-time, salaried permanent employees of the County and (nonprofessional) employees of public school divisions are automatically covered by a VRS Retirement Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the <u>Code of Virginia</u>, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

## **Benefit Structures**

The System administers three different benefit structures for covered employees - Plan 1, Plan 2 and Hybrid. Each of these benefit structures has different eligibility criteria, as detailed below.

- a. Employees with a membership date before July 1, 2010, vested as of January 1, 2013, and have not taken a refund, are covered under Plan 1, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced retirement benefit beginning at age 65 with at least 5 years of service credit or age 50 with at least 30 years of service credit. Non-hazardous duty employees may retire with a reduced benefit as early as age 55 with at least 5 years of service credit or age 50 with at least 10 years of service credit. Hazardous duty employees (law enforcement officers, firefighters, and sheriffs) are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- b. Employees with a membership date from July 1, 2010 to December 31, 2013, that have not taken a refund or employees with a membership date prior to July 1, 2010 and not vested before January 1, 2013, are covered under Plan 2, a defined benefit plan. Non-hazardous duty employees are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit or when the sum of their age plus service credit equals 90. Non-hazardous duty employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. Hazardous duty employees are eligible for an unreduced benefit beginning at age 60 with at least 5 years of service credit or age 50 with at least 25 years of service credit. Hazardous duty employees may retire with a reduced benefit as early as age 50 with at least 5 years of service credit.
- c. Non-hazardous duty employees with a membership date on or after January 1, 2014 are covered by the Hybrid Plan combining the features of a defined benefit plan and a defined contribution plan. Plan 1 and Plan 2 members also had the option of opting into this plan during the election window held January 1 April 30, 2014 with an effective date of July 1, 2014. Employees covered by this plan are eligible for an unreduced benefit beginning at their normal social security retirement age with at least 5 years of service credit, or when the sum of their age plus service credit equals 90. Employees may retire with a reduced benefit as early as age 60 with at least 5 years of service credit. For the defined contribution component, members are eligible to receive distributions upon leaving employment, subject to restrictions.

Notes to Financial Statements (Continued) June 30, 2021

# Note 9-Pension Plans: (Continued)

#### Average Final Compensation and Service Retirement Multiplier

The VRS defined benefit is a lifetime monthly benefit based on a retirement multiplier as a percentage of the employee's average final compensation multiplied by the employee's total service credit. Under Plan 1, average final compensation is the average of the employee's 36 consecutive months of highest compensation and the multiplier is 1.70% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under Plan 2, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the retirement multiplier is 1.65% for non-hazardous duty employees, 1.85% for sheriffs and regional jail superintendents, and 1.70% or 1.85% for hazardous duty employees as elected by the employer. Under the Hybrid Plan, average final compensation is the average of the employee's 60 consecutive months of highest compensation and the multiplier is 1.00%. For members who opted into the Hybrid Retirement Plan from Plan 1 or Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

## Cost-of-Living Adjustment (COLA) in Retirement and Death and Disability Benefits

Retirees with an unreduced benefit or with a reduced benefit with at least 20 years of service credit are eligible for an annual COLA beginning July 1 after one full calendar year from the retirement date. Retirees with a reduced benefit and who have less than 20 years of service credit are eligible for an annual COLA beginning on July 1 after one calendar year following the unreduced retirement eligibility date. Under Plan 1, the COLA cannot exceed 5.00%. Under Plan 2 and the Hybrid Plan, the COLA cannot exceed 3.00%. The VRS also provides death and disability benefits. Title 51.1 of the Code of Virginia, as amended, assigns the authority to establish and amend benefit provisions to the General Assembly of Virginia.

## Employees Covered by Benefit Terms

As of the June 30, 2019 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

|  | Primary<br>Government | Component Unit<br>School Board<br>Nonprofessional |
|--|-----------------------|---|
| Inactive members or their beneficiaries currently receiving benefits | 41                    | 22  |
| Inactive members: Vested inactive members                            | 15                    | 7   |
| Non-vested inactive members  | 7                     | 13  |
| Inactive members active elsewhere in VRS                             | 21                    | 8   |
| Total inactive members   | 43                    | 28  |
| Active members   | 57                    | 20  |
| Total covered employees  | 141                   | 70  |

#### Note 9-Pension Plans: (Continued)

#### **Contributions**

The contribution requirement for active employees is governed by §51.1-145 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The County's contractually required employer contribution rate for the year ended June 30, 2021 was 10.06% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the County were \$268,315 and \$300,773 for the years ended June 30, 2021 and June 30, 2020, respectively.

The Component Unit School Board's contractually required employer contribution rate for nonprofessional employees for the year ended June 30, 2021 was 5.69% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the Component Unit School Board's nonprofessional employees were \$11,885 and \$17,448 for the years ended June 30, 2021 and June 30, 2020, respectively.

### Net Pension Liability (Asset)

The net pension liability (asset) is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. The County's and Component Unit School Board's (nonprofessional) net pension liabilities (assets) were measured as of June 30, 2020. The total pension liabilities used to calculate the net pension liabilities (assets) were determined by an actuarial valuation performed as of June 30, 2019, and rolled forward to the measurement date of June 30, 2020.

# Note 9-Pension Plans: (Continued)

#### Actuarial Assumptions - General Employees

The total pension liability for General Employees in the County's and Component Unit School Board's (nonprofessional) Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation 2.50%

Salary increases, including inflation 3.50% - 5.35%

Investment rate of return 6.75%, net of pension plan investment

expenses, including inflation\*

#### Mortality rates:

All Others (Non-10 Largest) - Non-Hazardous Duty: 15% of deaths are assumed to be service related Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

#### Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

#### Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

<sup>\*</sup> Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.

# Note 9-Pension Plans: (Continued)

#### Actuarial Assumptions - General Employees (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

All Others (Non-10 Largest) - Non-Hazardous Duty:

| All Others (Non to Largest) Non Hazar  | dous buty.   |

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014  |
| retirement healthy, and disabled)      | projected to 2020                                    |
| Retirement Rates                       | Lowered rates at older ages and changed final        |
|  | retirement from 70 to 75                             |
| Withdrawal Rates                       | Adjusted rates to better fit experience at each year |
|  | age and service through 9 years of service           |
| Disability Rates                       | Lowered rates  |
| Salary Scale                           | No change  |
| Line of Duty Disability                | Increased rate from 14.00% to 15.00%                 |
| Discount Rate                          | Decreased rate from 7.00% to 6.75%                   |
|  |  |

## Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits

The total pension liability for Public Safety employees with Hazardous Duty Benefits in the County's Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation 2.50%

Salary increases, including inflation 3.50% - 4.75%

Investment rate of return 6.75%, net of pension plan investment

expenses, including inflation\*

<sup>\*</sup> Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.

## Note 9-Pension Plans: (Continued)

## Actuarial Assumptions - Public Safety Employees with Hazardous Duty Benefits (Continued)

#### Mortality rates:

All Others (Non-10 Largest) - Hazardous Duty: 45% of deaths are assumed to be service related Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020; males 90% of rates; females set forward 1 year.

#### Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 1 year, 1.0% increase compounded from ages 70 to 90; females set forward 3 years.

#### Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years; unisex using 100% male.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

#### All Others (Non-10 Largest) - Hazardous Duty:

|  | , -  |
|--|--|
| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014      |
| retirement healthy, and disabled)      | projected to 2020  |
| Retirement Rates                       | Increased age 50 rates, and lowered rates at older ages  |
| Withdrawal Rates                       | Adjusted rates to better fit experience at each year age |
|  | and service through 9 years of service                   |
| Disability Rates                       | Adjusted rates to better fit experience                  |
| Salary Scale                           | No change  |
| Line of Duty Disability                | Decreased rate from 60.00% to 45.00%                     |
| Discount Rate                          | Decreased rate from 7.00% to 6.75%                       |

# Note 9-Pension Plans: (Continued)

#### Long-Term Expected Rate of Return

The long-term expected rate of return on pension System investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class (Strategy)               | Long-Term<br>Target<br>Asset<br>Allocation | Arithmetic<br>Long-Term<br>Expected<br>Rate of Return | Weighted<br>Average<br>Long-Term<br>Expected<br>Rate of Return* |
|--------------------------------------|--|---|---|
| Public Equity                        | 34.00%                                     | 4.65%   | 1.58%   |
| Fixed Income                         | 15.00%                                     | 0.46%   | 0.07%   |
| Credit Strategies                    | 14.00%                                     | 5.38%   | 0.75%   |
| Real Assets                          | 14.00%                                     | 5.01%   | 0.70%   |
| Private Equity                       | 14.00%                                     | 8.34%   | 1.17%   |
| MAPS - Multi-Asset Public Strategies | 6.00%                                      | 3.04%   | 0.18%   |
| PIP - Private Investment Partnership | 3.00%                                      | 6.49%   | 0.19%   |
| Total                                | 100.00%                                    |   | 4.64%   |
|                                      |  | Inflation   | 2.50%   |
| Ехр                                  | ected arithmet                             | ic nominal return*                                    | 7.14%   |

<sup>\*</sup> The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%.

# Note 9-Pension Plans: (Continued)

#### Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions; the County and Component Unit School Board (nonprofessional) was also provided with an opportunity to use an alternative employer contribution rate. For the year ended June 30, 2020, the alternate rate was the employer contribution rate used in FY2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017 actuarial valuations, whichever was greater. Through the fiscal year ended June 30, 2020, the rate contributed by the school division for the VRS Teacher Retirement Plan was subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, participating employers and school divisions are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

## Sensitivity of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the net pension liability (asset) of the County and Component Unit School Board (nonprofessional) using the discount rate of 6.75%, as well as what the County's and Component Unit School Board's (nonprofessional) net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

|   | 1% | Decrease  | Curr | ent Discount | 1% | Increase  |
|---|----|-----------|------|--------------|----|-----------|
|   |    | (5.75%)   |      | (6.75%)      | (  | 7.75%)    |
| County Net Pension Liability  | \$ | 3,446,095 | \$   | 2,002,388    | \$ | 813,414   |
| Component Unit School Board (nonprofessional) Net Pension Liability (Asset) | \$ | 290,985   | \$   | 90,899       | \$ | (79, 193) |

# Note 9-Pension Plans: (Continued)

# Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the County and Component Unit School Board (nonprofessional) recognized pension expense of \$281,164 and \$52,884, respectively. At June 30, 2021, the County and Component Unit School Board (nonprofessional) reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|  |     |             |         |                | Component     |               |            |  |

Notes to Financial Statements (Continued) June 30, 2021

# Note 9-Pension Plans: (Continued)

#### Pension Plan Data

Information about the VRS Political Subdivision Retirement Plan is also available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at http://www.varetire.org/pdf/publications/2020-annual-report.pdf, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA 23218-2500.

# **Component Unit School Board (Professional)**

#### **Plan Description**

All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Retirement Plan upon employment. This is a cost-sharing multiple employer plan administered by the Virginia Retirement System (the system). Additional information related to the plan description is included in the first section of this note.

#### **Contributions**

The contribution requirement for active employees is governed by §51.1-145 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each School Division's contractually required employer contribution rate for the year ended June 30, 2021 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the School Board were \$605,008 and \$551,169 for the years ended June 30, 2021 and June 30, 2020, respectively.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2021, the school division reported a liability of \$6,036,429 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2020 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2019, and rolled forward to the measurement date of June 30, 2020. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2020, the school division's proportion was .04150% as compared to .04180% at June 30, 2019.

# Note 9-Pension Plans: (Continued)

#### Component Unit School Board (Professional) (Continued)

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2021, the school division recognized pension expense of \$363,281. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2021, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | -  | Deferred Outflows of Resources | _  | Deferred Inflows of Resources |
|---|----|--------------------------------|----|-------------------------------|
| Differences between expected and actual experience  | \$ | -                              | \$ | 353,828                       |
| Change in assumptions   |    | 412,062                        |    | -                             |
| Net difference between projected and actual earnings on pension plan investments                              |    | 459,137                        |    |                               |
| Changes in proportion and differences between employer contributions and proportionate share of contributions |    | 32,774                         |    | 594,097                       |
| Employer contributions subsequent to the measurement date   | -  | 605,008                        | _  |                               |
| Total   | \$ | 1,508,981                      | \$ | 947,925                       |

\$605,008 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future reporting periods as follows:

| Year | ended June 30 |                  |
|------|---------------|------------------|
|      | 2022          | \$<br>(206, 474) |
|      | 2023          | (19,479)         |
|      | 2024          | 68,762           |
|      | 2025          | 122,070          |
|      | Thereafter    | (8,831)          |

#### COUNTY OF BLAND, VIRGINIA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2021

#### Note 9-Pension Plans: (Continued)

#### Component Unit School Board (Professional) (Continued)

## **Actuarial Assumptions**

The total pension liability for the VRS Teacher Retirement Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation 2.50%

Salary increases, including inflation 3.50% - 5.95%

Investment rate of return 6.75%, net of pension plan investment

expenses, including inflation\*

#### Mortality rates:

#### Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

#### Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 75 and 2.0% increase compounded from ages 75 to 90.

### Post-Disablement:

RP-2014 Disability Mortality Rates projected with Scale BB to 2020; 115% of rates for males and females.

<sup>\*</sup> Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of pension liabilities.

# Note 9-Pension Plans: (Continued)

#### Component Unit School Board (Professional) (Continued)

## Actuarial Assumptions (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014      |
|--|--|
| retirement healthy, and disabled)      | projected to 2020  |
|  | Lowered rates at older ages and changed final            |
| Retirement Rates                       | retirement from 70 to 75                                 |
|  | Adjusted rates to better fit experience at each year age |
| Withdrawal Rates                       | and service through 9 years of service                   |
| Disability Rates                       | Adjusted rates to better match experience                |
| Salary Scale                           | No change  |
| Discount Rate                          | Decreased rate from 7.00% to 6.75%                       |

## **Net Pension Liability**

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2020, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

|  | _  | Teacher Employee<br>Retirement Plan |
|--|----|-------------------------------------|
| Total Pension Liability Plan Fiduciary Net Position                        | \$ | 51,001,855<br>36,449,229            |
| Employers' Net Pension Liability (Asset)                                   | ٦. | 14,552,626                          |
| Plan Fiduciary Net Position as a Percentage of the Total Pension Liability | ge | 71.47%                              |

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

## Note 9-Pension Plans: (Continued)

## **Component Unit School Board (Professional) (Continued)**

The long-term expected rate of return and discount rate information previously described also apply to his plan.

# Sensitivity of the School Division's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the net pension liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

|   | Rate |            |         |              |    |             |  |
|---|------|------------|---------|--------------|----|-------------|--|
|   | 19   | % Decrease | Curi    | ent Discount |    | 1% Increase |  |
|   |      | (5.75%)    | (6.75%) |              |    | (7.75%)     |  |
| School division's proportionate<br>share of the VRS Teacher<br>Employee Retirement Plan |      |            |         |              |    |             |  |
| Net Pension Liability (Asset)   | \$   | 8,856,798  | \$      | 6,036,429    | \$ | 3,703,628   |  |

## Pension Plan Fiduciary Net Position

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/pdf/publications/2020-annual-report.pdf">http://www.varetire.org/pdf/publications/2020-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

## Note 10-Healthcare OPEB Plans:

#### **Primary Government**

#### Plan Description

The County administers a single-employer defined benefit healthcare plan, The County of Bland Postretirement Healthcare Plan. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the City's pension plans. The plan does not issue a publicly available financial report.

#### **Benefits Provided**

Postemployment benefits that are provided to eligible retirees include Medical and Dental. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the County who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. In addition, the County provides a fixed basic death benefit for all retirees.

#### COUNTY OF BLAND, VIRGINIA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2021

### Note 10—Healthcare OPEB Plans: (Continued)

#### **Primary Government (Continued)**

#### Plan Membership

At June 30, 2021 (measurement date), the following employees were covered by the benefit terms:

| Total active employees with coverage | 65 |
|--------------------------------------|----|
| Total retirees with coverage         | 6  |
| Total                                | 71 |

#### **Contributions**

The board does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the Board of Supervisors. The amount paid by the County for OPEB as the benefits came due during the year ended June 30, 2021 was \$0.

## Total OPEB Liability

The County's total OPEB liability was measured as of June 30, 2021. The total OPEB liability was determined by an actuarial valuation as of June 30, 2021 using the alternative measurement method.

#### **Actuarial Assumptions**

The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

| Salary Increases | 2.00% |
|------------------|-------|
| Discount Rate    | 2.16% |

Mortality rates are based on the Pub-2010 Public Retirement Plans Mortality Tables, with mortality improvement projected for 10 years.

The date of the most recent actuarial experience study for which significant assumptions were based is June 30, 2021.

#### Discount Rate

The discount rate is based on the 20 year, tax exempt municipal bond yield.

## **Primary Government (Continued)**

## Changes in Total OPEB Liability

|  | Primary Government<br>Total OPEB Liability |
|--|--|
| Balances at June 30, 2020                      | \$<br>1,193,831                            |
| Changes for the year:                          |  |
| Service Cost                                   | 125,282                                    |
| Interest                                       | 29,152                                     |
| Effect of economic/demographic gains or losses | (101,133)                                  |
| Effect of assumption changes or inputs         | 7,574                                      |
| Net changes                                    | 60,875                                     |
| Balances at June 30, 2021                      | \$<br>1,254,706                            |

## Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following amounts present the total OPEB liability of the County, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.16%) or one percentage point higher (3.16%) than the current discount rate:

|    |             | Rate             |                 |
|----|-------------|------------------|-----------------|
| _  | 1% Decrease | Current Discount | 1% Increase     |
| _  | (1.16%)     | <br>Rate (2.16%) | <br>(3.16%)     |
| \$ | 1,421,779   | \$<br>1,254,706  | \$<br>1,115,227 |

## Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the County, as well as what the total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rates:

|             |                 |    | Rates     |    |             |  |
|-------------|-----------------|----|-----------|----|-------------|--|
|             | Healthcare Cost |    |           |    |             |  |
| 1% Decrease |                 |    | Trend     |    | 1% Increase |  |
| \$          | 1,069,554       | \$ | 1,254,706 | \$ | 1,481,968   |  |

The healthcare trend rates for medical, pharmacy, dental, and vision are 4.90% in 2021 decreasing to 4.30% after 2028, 5.90% in 2021 decreasing to 4.30% after 2028, 3.50% in 2021 decreasing to 3.00% after 2023, and 3.00%, respectively.

### Note 10—Healthcare OPEB Plans: (Continued)

#### **Primary Government (Continued)**

## OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2021, the County recognized OPEB expense in the amount of \$60,875. At June 30, 2021, the County did not report deferred outflows of resources and deferred inflows of resources related to OPEB.

Additional disclosures on changes in total OPEB liability and related ratios can be found in the required supplementary information following the notes to the financial statements.

## Component Unit - School Board

#### **Plan Description**

The Component Unit - School Board administers a single-employer defined benefit healthcare plan, The Bland County School Board OPEB Plan. The plan provides postemployment health care benefits to all eligible permanent employees who meet the requirements under the School Board's pension plans. The plan does not issue a publicly available financial report.

## **Benefits Provided**

Postemployment benefits are provided to eligible retirees include Medical and Dental. The benefits that are provided for active employees are the same for eligible retirees, spouses and dependents of eligible retirees. All permanent employees of the School Board who meet eligibility requirements of the pension plan are eligible to receive postemployment health care benefits. In addition, the School Board provides a fixed basic death benefit for all retirees.

#### Plan Membership

At June 30, 2021 (measurement date), the following employees were covered by the benefit terms:

| Total active employees with coverage | 97  |
|--------------------------------------|-----|
| Total retirees with coverage         | 5   |
| Total                                | 102 |

## **Contributions**

The board does not pre-fund benefits; therefore, no assets are accumulated in a trust fund. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis. The funding requirements are established and may be amended by the School Board. The amount paid by the School Board for OPEB as the benefits came due during the year ended June 30, 2021 was \$43,430.

#### COUNTY OF BLAND, VIRGINIA

# NOTES TO FINANCIAL STATEMENTS (CONTINUED) JUNE 30, 2021

#### Note 10—Healthcare OPEB Plans: (Continued)

### Component Unit - School Board (Continued)

#### **Total OPEB Liability**

The School Board's total OPEB liability was measured as of June 30, 2021. The total OPEB liability was determined by an actuarial valuation as July 1, 2020.

### **Actuarial Assumptions**

The total OPEB liability in the July 1, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.50%

Salary Increases 3.50% - 5.35% based on years of service

Discount Rate 2.16%

Health Care Cost Trend 4.90% in 2021 then grading to an ultimate rate of 4.00% over 55

years.

### Mortality Rates:

#### Pre-Retirement

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates at ages 81 and older projected with Scale BB to 2020; males setback 1 year, 85% of rates; females setback 1 year. 25% of deaths are assumed to be service related.

#### Post-Retirement

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at age 50 and older projected with Scale BB to 2020; males set forward 1 year; females setback 1 year with 1.5% increase compounded from ages 70 to 85.

#### Post-Disablement

RP-2014 Disabled Mortality Rates projected with Scale BB to 2020; males 115% of rates; females 130% of rates.

The date of the most recent actuarial experience study for which significant assumptions were based is June 30, 2016.

#### Discount Rate

The discount rate is based on the bond buyer 20 year GO bond index as of the measurement date.

| _  | 1% Decrease     |    | Trend   |    | 1% Increase |  |  |
| \$ | 416,219         | \$ | 469,207 | \$ | 531,734     |  |  |

## Note 10-Healthcare OPEB Plans: (Continued)

#### OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended June 30, 2021, the School Board recognized OPEB expense in the amount of \$51,798. At June 30, 2021, the School Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

|  |    | Deferred Outflows |    | Deferred Inflows |  |
|--|----|-------------------|----|------------------|--|
|  | _  | of Resources      |    | of Resources     |  |
| Differences between expected and actual experience | \$ | -                 | \$ | 17,261           |  |
| Changes in assumptions                             |    | 63,416            |    | 3,965            |  |
| Total  | \$ | 63,416            | \$ | 21,226           |  |

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense in future reporting periods as follows:

| Year Ended June 30 | _  |       |
|--------------------|----|-------|
|                    |    |       |
| 2022               | \$ | 7,787 |
| 2023               |    | 7,787 |
| 2024               |    | 6,950 |
| 2025               |    | 5,785 |
| 2026               |    | 5,785 |
| Thereafter         |    | 8,096 |

Additional disclosures on changes in total OPEB liability and related ratios can be found in the required supplementary information following the notes to the financial statements.

#### Note 11-Group Life Insurance (GLI) Plan (OPEB Plan):

# **Plan Description**

The Group Life Insurance (GLI) Plan was established pursuant to §51.1-500 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of the state agencies, teachers, and employees of participating political subdivisions are automatically covered by the VRS GLI Plan upon employment. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia.

## Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

#### Plan Description (Continued)

In addition to the Basic GLI benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional GLI Plan. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured plan, it is not included as part of the GLI Plan OPEB.

The specific information for GLI Plan OPEB, including eligibility, coverage and benefits is described below:

## Eligible Employees

The GLI Plan was established July 1, 1960, for state employees, teachers, and employees of political subdivisions that elect the plan. Basic GLI coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

## **Benefit Amounts**

The GLI Plan is a defined benefit plan with several components. The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled. The accidental death benefit is double the natural death benefit. In addition to basic natural and accidental death benefits, the plan provides additional benefits provided under specific circumstances that include the following: accidental dismemberment benefit, safety belt benefit, repatriation benefit, felonious assault benefit, and accelerated death benefit option. The benefit amounts are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value. For covered members with at least 30 years of service credit, the minimum benefit payable was set at \$8,000 by statute in 2015. This will be increased annually based on the VRS Plan 2 cost-of-living adjustment calculation. The minimum benefit adjusted for the COLA was \$8,616 as of June 30, 2021.

#### **Contributions**

The contribution requirements for the GLI Plan are governed by §51.1-506 and §51.1-508 of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the GLI Plan was 1.34% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.80% (1.34% x 60%) and the employer component was 0.54% (1.34% x 40%). Employers may elect to pay all or part of the employee contribution; however, the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2021 was 0.54% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability.

#### Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

#### Contributions (Continued)

Contributions to the GLI Plan from the County were \$15,274 and \$14,073 for the years ended June 30, 2021 and June 30, 2020, respectively.

Contributions to the GLI Plan from the Component Unit-School Board (non-professional) were \$1,217 and \$1,833 for the years ended June 30, 2021 and June 30, 2020, respectively.

Contributions to the GLI Plan from the Component Unit-School Board (professional) were \$20,376 and \$18,884 for the years ended June 30, 2021 and June 30, 2020, respectively.

# GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB

At June 30, 2021, the County reported a liability of \$219,452 for its proportionate share of the Net GLI OPEB Liability.

At June 30, 2021, the Component Unit-School Board (nonprofessional) reported a liability of \$28,537 for its proportionate share of the Net GLI OPEB Liability.

At June 30, 2021, the Component Unit-School Board (professional) reported a liability of \$294,549 for its proportionate share of the Net GLI OPEB Liability.

The Net GLI OPEB Liability was measured as of June 30, 2020 and the total GLI OPEB liability used to calculate the Net GLI OPEB Liability was determined by an actuarial valuation performed as of June 30, 2019, and rolled forward to the measurement date of June 30, 2020. The covered employer's proportion of the Net GLI OPEB Liability was based on the covered employer's actuarially determined employer contributions to the GLI Plan for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers.

At June 30, 2020, the County's proportion was 0.01310% as compared to 0.01318% at June 30, 2019.

At June 30, 2020, the Component Unit-School Board (nonprofessional) proportion was 0.00170% as compared to 0.00177% at June 30, 2019.

At June 30, 2020, the Component Unit-School Board (professional) proportion was 0.01760% as compared to 0.01798% at June 30, 2019.

For the year ended June 30, 2021, the County recognized GLI OPEB expense of \$12,589. Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

For the year ended June 30, 2021, the Component-Unit School Board (nonprofessional) recognized GLI OPEB expense of \$(819). Since there was a change in proportionate share between measurement dates, a portion of the GLI OPEB expense was related to deferred amounts from changes in proportion.

## Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

# GLI OPEB Liabilities, GLI OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the GLI Plan OPEB (Continued)

For the year ended June 30, 2021, the Component-Unit School Board (professional) recognized GLI OPEB expense of \$4,062 GLI OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2021, the employer reported deferred outflows of resources and deferred inflows of resources related to the GLI OPEB from the following sources:

|  | Primary Go                     | vernment                      | •                              | chool Board (Non-<br>sional)  | Component-Unit School Board<br>(Professional) |                               |  |

# Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

## **Actuarial Assumptions**

The total GLI OPEB liability was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020. The assumptions include several employer groups. Salary increases and mortality rates included herein are for relevant employer groups. Information for other groups can be referenced in the VRS Annual Report.

Inflation 2.50%

Salary increases, including inflation:

Teachers 3.50%-5.95% Locality - General employees 3.50%-5.35% Locality - Hazardous Duty employees 3.50%-4.75%

Investment rate of return 6.75%, net of investment expenses,

including inflation\*

## Mortality Rates - Teachers

#### Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

#### Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

#### Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; 115% of rates for males and females.

<sup>\*</sup>Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.

## Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

#### Actuarial Assumptions (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014      |
|--|--|
| retirement healthy, and disabled)      | projected to 2020  |
| Retirement Rates                       | Lowered rates at older ages and changed final            |
|  | retirement from 70 to 75                                 |
| Withdrawal Rates                       | Adjusted rates to better fit experience at each year age |
|  | and service through 9 years of service                   |
| Disability Rates                       | Adjusted rates to better match experience                |
| Salary Scale                           | No change  |
| Discount Rate                          | Decreased rate from 7.00% to 6.75%                       |

## Mortality Rates - Non-Largest Ten Locality Employers - General Employees

#### Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

#### Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

#### Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014    |  |  |
|--|--|--|--|
| retirement healthy, and disabled)      | projected to 2020                                      |  |  |
| Retirement Rates                       | Lowered retirement rates at older ages and extended    |  |  |
|  | final retirement age from 70 to 75                     |  |  |
| Withdrawal Rates                       | Adjusted termination rates to better fit experience at |  |  |
|  | each age and service year                              |  |  |
| Disability Rates                       | Lowered disability rates                               |  |  |
| Salary Scale                           | No change  |  |  |
| Line of Duty Disability                | Increased rate from 14.00% to 15.00%                   |  |  |
| Discount Rate                          | Decreased rate from 7.00% to 6.75%                     |  |  |

## Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

# **NET GLI OPEB Liability**

The net OPEB liability (NOL) for the GLI Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the measurement date of June 30, 2020, NOL amounts for the GLI Plan are as follows (amounts expressed in thousands):

|   | <br>GLI OPEB<br>Plan         |
|---|------------------------------|
| Total GLI OPEB Liability Plan Fiduciary Net Position                        | \$<br>3,523,937<br>1,855,102 |
| GLI Net OPEB Liability (Asset)  | \$<br>1,668,835              |
| Plan Fiduciary Net Position as a Percentage of the Total GLI OPEB Liability | 52.64%                       |

The total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

The remainder of this page is left blank intentionally.

#### Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

## Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class (Strategy)               | Long-Term<br>Target<br>Asset<br>Allocation | Arithmetic<br>Long-Term<br>Expected<br>Rate of Return | Weighted Average Long-Term Expected Rate of Return* |
|--------------------------------------|--|---|---|
| Public Equity                        | 34.00%                                     | 4.65%   | 1.58%   |
| Fixed Income                         | 15.00%                                     | 0.46%   | 0.07%   |
| Credit Strategies                    | 14.00%                                     | 5.38%   | 0.75%   |
| Real Assets                          | 14.00%                                     | 5.01%   | 0.70%   |
| Private Equity                       | 14.00%                                     | 8.34%   | 1.17%   |
| MAPS - Multi-Asset Public Strategies | 6.00%                                      | 3.04%   | 0.18%   |
| PIP - Private Investment Partnership | 3.00%                                      | 6.49%   | 0.19%   |
| Total                                | 100.00%                                    |   | 4.64%   |
|                                      |  | Inflation   | 2.50%   |
| Exp                                  | ected arithmet                             | ic nominal return*                                    | 7.14%   |

\*The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%

#### Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2020, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

## Note 11-Group Life Insurance (GLI) Plan (OPEB Plan): (Continued)

# Sensitivity of the Employer's Proportionate Share of the Net GLI OPEB Liability to Changes in the Discount Rate

The following presents the employer's proportionate share of the net GLI OPEB liability using the discount rate of 6.75%, as well as what the employer's proportionate share of the net GLI OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

|    | Rate        |                         |                  |  |  |
|----|-------------|-------------------------|------------------|--|--|
|    | 1% Decrease |                         | Current Discount |  | 1% Increase  |
|    | (5.75%)     |                         | (6.75%)          |  | (7.75%)  |
| \$ | 288,486     | \$                      | 219,452          | \$   | 163,389  |
| \$ | 37,517      | \$                      | 28,537           | \$   | 21,247   |
| ¢  | 387 208     | ς                       | 294 549          | ζ  | 219,302  |
|    |             | \$ 288,486<br>\$ 37,517 | \$ 288,486 \$    | 1% Decrease (5.75%)     Current Discount (6.75%)       \$ 288,486 \$ 219,452       \$ 37,517 \$ 28,537 | 1% Decrease (5.75%)         Current Discount (6.75%)           \$ 288,486 \$ 219,452 \$           \$ 37,517 \$ 28,537 \$ |

## Group Life Insurance Plan Fiduciary Net Position

Detailed information about the Group Life Insurance Plan's Fiduciary Net Position is available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/pdf/publications/2020-annual-report.pdf">http://www.varetire.org/pdf/publications/2020-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

## Note 12-Health Insurance Credit (HIC) Plan (OPEB Plan):

#### **Plan Description**

The Political Subdivision Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent employees of participating political subdivisions are automatically covered by the VRS Political Subdivision HIC Plan upon employment. This is an agent multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information about the Political Subdivision HIC Plan OPEB, including eligibility, coverage and benefits is described below:

#### Eligible Employees

The Political Subdivision Retiree HIC Plan was established July 1, 1993 for retired political subdivision employees of employers who elect the benefit and retire with at least 15 years of service credit. Eligible employees include full-time permanent salaried employees of the participating political subdivision who are covered under the VRS pension plan. These employees are enrolled automatically upon employment.

#### **Benefit Amounts**

The Political Subdivision Retiree HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired political subdivision employees of participating employers. For employees who retire, the monthly benefit is \$1.50 per year of service per month with a maximum benefit of \$45.00 per month. For employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is \$45.00 per month.

#### **HIC Plan Notes**

The monthly HIC benefit cannot exceed the individual premium amount. There is no HIC for premiums paid and qualified under LODA; however, the employee may receive the credit for premiums paid for other qualified health plans. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

Notes to Financial Statements (Continued) June 30, 2021

## Note 12-Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

#### Employees Covered by Benefit Terms

As of the June 30, 2019 actuarial valuation, the following employees were covered by the benefit terms of the HIC OPEB plan:

|  | Primary<br>Government | Component Unit -<br>School Board<br>Nonprofessional |
|--|-----------------------|---|
| Inactive members or their beneficiaries currently receiving benefits | 9                     |   |
| Active members   | 21                    | 20  |
| Total covered employees  | 30                    | 20  |

#### **Contributions**

The contribution requirements for active employees is governed by \$51.1-1402(E) of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. The County's contractually required employer contribution rate for the year ended June 30, 2021 was 0.54% of covered employee compensation. The Component Unit - School Board's (Nonprofessional contractually required employer contribution rate for the year ended June 30, 2021 was 1.10% of covered employee cpompensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the County to the HIC Plan were \$5,534 and \$5,344 for the years ended June 30, 2021 and June 30, 2020, respectively. Contributions from the Component Unit - School Board (nonprofessional) to the HIC Plan were \$2,480 and \$0 for the years ended June 30, 2021 and June 30, 2020, respectively.

### **Net HIC OPEB Liability**

The County and Component Unit-School Board's (Nonprofessional) net HIC OPEB liability was measured as of June 30, 2020. The total HIC OPEB liability was determined by an actuarial valuation performed as of June 30, 2019, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

#### **Actuarial Assumptions**

The total HIC OPEB liability was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

#### Note 12-Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

#### Actuarial Assumptions: (Continued)

Inflation 2.50%

Salary increases, including inflation:

Locality - General employees 3.50%-5.35% Locality - Hazardous Duty employees 3.50%-4.75%

Investment rate of return 6.75%, net of investment expenses,

including inflation\*

#### Mortality Rates - Non-Largest Ten Locality Employers - General Employees

#### Pre-Retirement:

RP-2014 Employee Rates to age 80, Healthy Annuitant Rates to 81 and older projected with scale BB to 2020; males 95% of rates; females 105% of rates.

#### Post-Retirement:

RP-2014 Employee Rates to age 49, Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males set forward 3 years; females 1.0% increase compounded from ages 70 to 90.

#### Post-Disablement:

RP-2014 Disability Life Mortality Table projected with scale BB to 2020; males set forward 2 years, 110% of rates; females 125% of rates.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

<sup>\*</sup>Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of the OPEB liabilities.

#### Note 12-Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

#### Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class (Strategy)               | Long-Term<br>Target<br>Asset<br>Allocation | Arithmetic<br>Long-Term<br>Expected<br>Rate of Return | Weighted<br>Average<br>Long-Term<br>Expected<br>Rate of Return* |
|--------------------------------------|--|---|---|
| Public Equity                        | 34.00%                                     | 4.65%   | 1.58%   |
| Fixed Income                         | 15.00%                                     | 0.46%   | 0.07%   |
| Credit Strategies                    | 14.00%                                     | 5.38%   | 0.75%   |
| Real Assets                          | 14.00%                                     | 5.01%   | 0.70%   |
| Private Equity                       | 14.00%                                     | 8.34%   | 1.17%   |
| MAPS - Multi-Asset Public Strategies | 6.00%                                      | 3.04%   | 0.18%   |
| PIP - Private Investment Partnership | 3.00%                                      | 6.49%   | 0.19%   |
| Total                                | 100.00%                                    |   | 4.64%   |
|                                      |  | Inflation   | 2.50%   |
| Exp                                  | ected arithmet                             | ic nominal return*                                    | 7.14%   |

\*The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%.

#### **Discount Rate**

The discount rate used to measure the total HIC OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ended June 30, 2020, the rate contributed by the entity for the HIC OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the HIC OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total HIC OPEB liability.

### HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to HIC Plan OPEB (Continued)

\$5,344 and \$2,480 reported as deferred outflows of resources related to the HIC OPEB resulting from the County and Component Unit - School Board's (Nonprofessional) contributions subsequent to the measurement date will be recognized as a reduction of the Net HIC OPEB Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the HIC OPEB will be recognized in the HIC OPEB expense in future reporting periods as follows:

| Year Ended | Primary        |

| Thereafter | (79)           |

#### HIC Plan Data

Information about the VRS Political Subdivision Health Insurance Credit Plan is available in the separately issued VRS 2020 Comprehensive Annual Financial Report (Annual Report). A copy of the 2020 VRS Annual Report may be downloaded from the VRS website at <a href="http://www.varetire.org/pdf/publications/2020-annual-report.pdf">http://www.varetire.org/pdf/publications/2020-annual-report.pdf</a>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

#### Note 13-Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan):

#### **Plan Description**

The Virginia Retirement System (VRS) Teacher Employee Health Insurance Credit (HIC) Plan was established pursuant to §51.1-1400 et seq. of the <u>Code of Virginia</u>, as amended, and which provides the authority under which benefit terms are established or may be amended. All full-time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee HIC Plan. This is a cost-sharing multiple-employer plan administered by the Virginia Retirement System (the System), along with pension and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The HIC is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

The specific information for the Teacher HIC OPEB, including eligibility, coverage, and benefits is described below:

#### Note 13-Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

#### Eligible Employees

The Teacher Employee Retiree HIC Plan was established July 1, 1993 for retired Teacher Employees covered under VRS who retire with at least 15 years of service credit. Eligible employees include full-time permanent (professional) salaried employees of public school divisions covered under VRS. These employees are enrolled automatically upon employment.

#### Benefit Amounts

The Teacher Employee HIC Plan is a defined benefit plan that provides a credit toward the cost of health insurance coverage for retired teachers. For Teacher and other professional school employees who retire, the monthly benefit is \$4.00 per year of service per month with no cap on the benefit amount. For Teacher and other professional school employees who retire on disability or go on long-term disability under the Virginia Local Disability Program (VLDP), the monthly benefit is either: \$4.00 per month, multiplied by twice the amount of service credit, or \$4.00 per month, multiplied by the amount of service earned had the employee been active until age 60, whichever is lower.

#### **HIC Plan Notes**

The monthly HIC benefit cannot exceed the individual premium amount. Employees who retire after being on long-term disability under VLDP must have at least 15 years of service credit to qualify for the HIC as a retiree.

#### **Contributions**

The contribution requirements for active employees is governed by \$51.1-1401(E) of the <u>Code of Virginia</u>, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Each school division's contractually required employer contribution rate for the year ended June 30, 2021 was 1.21% of covered employee compensation for employees in the VRS Teacher Employee Health Insurance Credit Plan. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the school division to the VRS Teacher Employee HIC Plan were \$45,657 and \$43,579 for the years ended June 30, 2021 and June 30, 2020, respectively.

Teacher Employee HIC Plan OPEB Liabilities, Teacher Employee HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB

At June 30, 2021, the school division reported a liability of \$540,331 for its proportionate share of the VRS Teacher Employee HIC Plan Net OPEB Liability. The Net VRS Teacher Employee HIC Plan OPEB Liability was measured as of June 30, 2020 and the total VRS Teacher Employee HIC Plan OPEB liability used to calculate the Net VRS Teacher Employee HIC Plan OPEB Liability was determined by an actuarial valuation performed as of June 30, 2019 and rolled forward to the measurement date of June 30, 2020. The school division's proportion of the Net VRS Teacher Employee HIC Plan OPEB Liability was based on the school division's actuarially determined employer contributions to the VRS Teacher Employee HIC Plan OPEB plan for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers. At June 30, 2020, the school division's proportion of the VRS Teacher Employee HIC Plan was 0.04140% as compared to 0.04202% at June 30, 2019.

#### Note 13-Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

Teacher Employee HIC Plan OPEB Liabilities, Teacher Employee HIC Plan OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to the Teacher Employee HIC Plan OPEB (Continued)

For the year ended June 30, 2021, the school division recognized VRS Teacher Employee Health Insurance Credit Plan OPEB expense of \$32,219. Since there was a change in proportionate share between measurement dates, a portion of the VRS Teacher Employee HIC Plan Net OPEB expense was related to deferred amounts from changes in proportion.

At June 30, 2021, the school division reported deferred outflows of resources and deferred inflows of resources related to the VRS Teacher Employee HIC Plan OPEB from the following sources:

|   | De | eferred Outflows<br>of Resources | Deferred Inflows of Resources |
|---|----|----------------------------------|-------------------------------|
| Differences between expected and actual experience  | \$ | - 9                              | 7,217                         |
| Net difference between projected and actual earnings on Teacher HIC OPEB plan investments |    | 2,395                            | -                             |
| Change in assumptions   |    | 10,682                           | 2,952                         |
| Change in proportionate share   |    | 3,220                            | 67,016                        |
| Employer contributions subsequent to the measurement date                                 | _  | 45,657                           |                               |
| Total   | \$ | 61,954                           | 77,185                        |

\$45,657 reported as deferred outflows of resources related to the Teacher Employee HIC OPEB resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Teacher Employee HIC OPEB Liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the Teacher Employee HIC OPEB will be recognized in the Teacher Employee HIC OPEB expense in future reporting periods as follows:

| Year Ended June 30 |                |
|--------------------|----------------|

| 2023               | (11,793)       |
| 2024               | (11,872)       |
| 2025               | (11,970)       |
| 2026               | (9,188)        |
| Thereafter         | (4,035)        |
|                    |                |

#### Note 13-Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

#### **Actuarial Assumptions**

The total Teacher Employee HIC OPEB liability for the VRS Teacher Employee HIC Plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation 2.50%

Salary increases, including inflation 3.50% - 5.95%

Investment rate of return 6.75%, net of investment expenses,

including inflation\*

\*Administrative expenses as a percent of the fair value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. However, since the difference was minimal, and a more conservative 6.75% investment return assumption provided a projected plan net position that exceeded the projected benefit payments, the long-term expected rate of return on investments was assumed to be 6.75% to simplify preparation of OPEB liabilities.

#### Mortality Rates - Teachers

#### Pre-Retirement:

RP-2014 White Collar Employee Rates to age 80, White Collar Healthy Annuitant Rates at ages 81 and older projected with scale BB to 2020.

#### Post-Retirement:

RP-2014 White Collar Employee Rates to age 49, White Collar Healthy Annuitant Rates at ages 50 and older projected with scale BB to 2020; males 1% increase compounded from ages 70 to 90; females set back 3 years with 1.5% increase compounded from ages 65 to 70 and 2.0% increase compounded from ages 75 to 90.

#### Post-Disablement:

RP-2014 Disability Mortality Rates projected with scale BB to 2020; 115% of rates for males and females.

#### Note 13-Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

Actuarial Assumptions: (Continued)

Mortality Rates - Teachers: (Continued)

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

| Mortality Rates (pre-retirement, post- | Updated to a more current mortality table - RP-2014      |
|--|--|
| retirement healthy, and disabled)      | projected to 2020  |
| Retirement Rates                       | Lowered rates at older ages and changed final            |
|  | retirement from 70 to 75                                 |
| Withdrawal Rates                       | Adjusted rates to better fit experience at each year age |
|  | and service through 9 years of service                   |
| Disability Rates                       | Adjusted rates to better match experience                |
| Salary Scale                           | No change  |
| Discount Rate                          | Decreased rate from 7.00% to 6.75%                       |

#### Net Teacher Employee HIC OPEB Liability

The net OPEB liability (NOL) for the Teacher Employee HIC Plan represents the plan's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2020, NOL amounts for the VRS Teacher Employee HIC Plan is as follows (amounts expressed in thousands):

|   | _       | Teacher<br>Employee HIC<br>OPEB Plan |
|---|---------|--------------------------------------|
| Total Teacher Employee HIC OPEB Liability Plan Fiduciary Net Position Teacher Employee net HIC OPEB Liability (Asset) | \$<br>- | 1,448,676<br>144,160<br>1,304,516    |
| Plan Fiduciary Net Position as a Percentage of the Total Teacher Employee HIC OPEB Liability                          | ۔ ۲     | 9.95%                                |

The total Teacher Employee HIC OPEB liability is calculated by the System's actuary, and the plan's fiduciary net position is reported in the System's financial statements. The net Teacher Employee HIC OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

#### Note 13-Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

#### Long-Term Expected Rate of Return

The long-term expected rate of return on the VRS System investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of VRS System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

| Asset Class (Strategy)               | Long-Term<br>Target<br>Asset<br>Allocation | Arithmetic<br>Long-Term<br>Expected<br>Rate of Return | Weighted Average Long-Term Expected Rate of Return* |
|--------------------------------------|--|---|---|
| Public Equity                        | 34.00%                                     | 4.65%   | 1.58%   |
| Fixed Income                         | 15.00%                                     | 0.46%   | 0.07%   |
| Credit Strategies                    | 14.00%                                     | 5.38%   | 0.75%   |
| Real Assets                          | 14.00%                                     | 5.01%   | 0.70%   |
| Private Equity                       | 14.00%                                     | 8.34%   | 1.17%   |
| MAPS - Multi-Asset Public Strategies | 6.00%                                      | 3.04%   | 0.18%   |
| PIP - Private Investment Partnership | 3.00%                                      | 6.49%   | 0.19%   |
| Total                                | 100.00%                                    |   | 4.64%   |
|                                      |  | Inflation   | 2.50%   |
| Exp                                  | pected arithmet                            | ic nominal return*                                    | 7.14%   |

\*The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation. More recent capital market assumptions compiled for the FY2020 actuarial valuations provide a median return of 6.81%.

#### Discount Rate

The discount rate used to measure the total Teacher Employee HIC OPEB was 6.75%. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made in accordance with the VRS funding policy and at rates equal to the actuarially determined contribution rates adopted by the VRS Board of Trustees. Through the fiscal year ended June 30, 2020, the rate contributed by each school division for the VRS Teacher Employee HIC Plan will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly, which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, all agencies are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the Teacher Employee HIC OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total Teacher Employee HIC OPEB liability.

Notes to Financial Statements (Continued) June 30, 2021

#### Note 13-Teacher Employee Health Insurance Credit (HIC) Plan (OPEB Plan): (Continued)

### Sensitivity of the School Division's Proportionate Share of the Teacher Employee HIC Net OPEB Liability to Changes in the Discount Rate

The following presents the school division's proportionate share of the VRS Teacher Employee HIC Program net HIC OPEB liability using the discount rate of 6.75%, as well as what the school division's proportionate share of the net HIC OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

|                                 |    |            |      | Rate         |    |            |

#### Note 16-Unavailable Revenue and Deferred Revenue:

Deferred revenue/unavailable revenue represents amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but no available. Under the accrual basis, assessments for future periods are deferred.

|   | Government-wide<br>Statements |    | Balance<br>Sheet   |

#### Note 18-Capital Lease:

The County has entered into a lease agreement to finance the acquisition of land and a building. This lease agreement qualifies as a capital lease for accounting purposes and, therefore, have been recorded at the present value of future minimum lease payments at the date of inception.

As of June 30, 2021, the County had the following capital lease:

|                                   |          |       | Final    | Amount of  | В    | alance    |
|-----------------------------------|----------|-------|----------|------------|------|-----------|
|                                   | Interest | Issue | Maturity | Original   | Gove | ernmental |
|                                   | Rates    | Date  | Date     | Lease      | Ac   | tivities  |
| Governmental                      |          |       |          |            |      |           |
| Land and Building (144 Seddon St) | 0.00%    | 12-18 | 12-22    | \$ 150,000 | \$   | 60,000    |

The cost and accumulated depreciation associated with the above mentioned building acquired through a capital lease is as follows:

|                          | Gov | ernmental |
|--------------------------|-----|-----------|
|                          | A   | ctivities |
| Building                 | \$  | 103,065   |
| Accumulated Depreciation |     | (6,466)   |
|                          |     |           |
| Total                    | \$  | 96,599    |

Annual requirements to amortize lease agreements and related interest are as follows:

| Fiscal Year                             | Gove | ernmental |
|---|------|-----------|
| Ended                                   | Ac   | tivities  |
| 2022                                    | \$   | 30,000    |
| 2023                                    |      | 30,000    |
|   |      |           |
| Total minimum lease payments            | \$   | 60,000    |
| Less: amount representing interest      |      | -         |
| Present value of minimum lease payments | \$   | 60,000    |

Notes to Financial Statements (Continued) June 30, 2021

#### Note 19-Risk Management:

The County and its Component Unit - School Board are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The County and its Component Unit - School Board participate with other localities in a public entity risk pool for their coverage of general liability, auto, property, workers compensation, and crime insurance with the Virginia Association of Counties Risk Pool. Each member of this risk pool jointly and severally agrees to assume, pay and discharge any liability. The County and its Component Unit - School Board pay the Virginia Association of Counties contributions and assessments based upon classification and rates into a designated cash reserve fund out of which expenses of the pool, claims and awards are to be paid. In the event of the depletion of all available excess insurance, the pool may assess all members in the proportion in which the premium of each bears to the total premiums of all members in the year in which such deficit occurs. The County and its Component Unit - School Board continue to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### Note 20-Contingent Liabilities:

Federal programs in which the County and its component units participate were audited in accordance with the provisions of U.S. Office of Management and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Pursuant to the provisions of this circular all major programs and certain other programs were tested for compliance with applicable grant requirements. While no matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests, which may result in disallowed expenditures. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

The remainder of this page is left blank intentionally.

#### Note 22-Landfill Closure and Postclosure Care Cost:

State and federal laws and regulations require the County to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The County landfill has been closed. Total costs for landfill post-closure are estimated to be \$28,657. These amounts are based on what it would cost to perform all post-closure care in 2021. Actual costs for postclosure monitoring may change due to inflation, deflation, changes in technology or changes in regulations. The County uses the Commonwealth of Virginia's financial assurance mechanism to meet the Department of Environmental Quality's assurance requirements for landfill post-closure costs. The County demonstrated financial assurance requirements for closure, post-closure care, and corrective action costs through the submission of a local Governmental Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VA C20-70 of the Virginia Administrative Code.

#### Note 23-Litigation:

As of June 30, 2021, there were no matters of litigation involving the County which would materially affect the County's financial position should any court decisions on pending matters not be favorable.

#### Note 24-Tax Abatements:

Tax Abatement Disclosures require governments that enter into tax abatement agreements to disclose the following information about the agreements:

- Brief descriptive information, such as the tax being abated, the authority under which tax
  abatements are provided, eligibility criteria, the mechanism by which taxes are abated,
  provisions for recapturing abated taxes, and the types of commitments made by tax
  abatement recipients.
- The gross dollar amount of taxes abated during the period.
- Commitments made by a government, other than to abate taxes, as part of a tax abatement.

The County entered into a performance agreement with Love's Travel Stops & Country Stores, Inc. on December 22, 2015. Under the agreement, the Company was to acquire and improve the site and to construct and equip the Facility costing approximately \$7,500,000, of which approximately \$2,500,000 would be invested in machinery and equipment, and approximately \$5,000,000 would be invested in site improvements and construction of the facility. In addition, 40 new jobs would be created and maintained through the performance date, which is ten years from the opening date. In return, the Locality agreed to disburse an Economic Development Opportunity Grant equal to 90% of the locally collected tax on prepared food and beverages, not to exceed \$100,000, annually on or before March 1st for a term of 10 years. If the Company fails to meet 90% of the targets as of the performance date, the Company shall repay to the Bland County Economic Development Authority that part of the local grant that is proportional to the target or targets for which there is a shortfall. For fiscal year ending June 30, 2021, the County returned taxes in the amount of \$94,069 to Love's Travel Stop.

#### **Note 25-Subsequent Events:**

The COVID-19 pandemic and its impact on operations continues to evolve. Specific to the County, COVID-19 impacted various parts of its 2021 operations and financial results including, but not limited to, costs for emergency preparedness and shortages of personnel. Federal relief has been received through various programs. Management believes the County is taking appropriate actions to mitigate the negative impact. The extent to which COVID-19 may impact operations in subsequent years remains uncertain, and management is unable to estimate the effects on future results of operations, financial condition, or liquidity for fiscal year 2022.

#### **CARES Act Funding**

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was passed by the federal government to alleviate some of the effects of the sharp economic downturn due to the COVID-19 pandemic, which included direct aid for state and local governments from the federal Coronavirus Relief Fund (CRF).

Each locality received its CRF allocations based on population in two equal payments, with the second and final round of funding being received during fiscal year 2021. The County received total CRF funding of \$1,095,812, with \$60,183 being recognized in FY2020. In addition, the School Board received CRF funding from the Virginia Department of Education in the amount of \$114,485. As a condition of receiving CRF funds, any funds unexpended as of December 31, 2021 will be returned to the federal government.

#### ARPA Funding

On March 11, 2021, the American Rescue Plan (ARPA) Act of 2021 was passed by the federal government. A primary component of the ARPA was the establishment of the Coronavirus State and Local Fiscal Recovery Fund (CSLFRF). Local governments are to receive funds in two tranches, with 50% provided beginning in May 2021 and the balance delivered approximately 12 months later.

On June 7, 2021, the County received its share of the first half of the CSLFRF funds. As a condition of receiving CSLFRF funds, any funds unobligated by December 31, 2024, and unexpended by December 31, 2026, will be returned to the federal government. Unspent funds in the amount of \$609,908 from the initial allocation are reported as unearned revenue as of June 30.

#### **ESF** Funding

The CARES Act also established the Education Stabilization Fund (ESF) and allocated \$30.75 billion to the U.S. Department of Education. The ESF is composed of three primary emergency relief funds: (1) a Governor's Emergency Education Relief (GEER) Fund, (2) an Elementary and Secondary School Emergency Relief (ESSER) Fund, and (3) a Higher Education Emergency Relief (HEER) Fund. The Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA Act) was signed into law on December 27, 2020 and added \$81.9 billion to the ESF. In March 2021, the American Rescue Plan Act (ARP Act), in support of ongoing state and institutional COVID-19 recovery efforts, added more than \$170 billion to the ESF. The School Board is receiving this funding from the Virginia Department of Education on a reimbursement basis.

#### Note 25-Adoption of Accounting Principles:

The County implemented provisions of Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities during the fiscal year ended June 30, 2021. This statement establishes criteria for identifying fiduciary activities of all state and local governments for accounting and financial reporting purposes and how these activities should be reported. The Special Welfare account is reported solely as fiduciary in the current year. The Discretely Presented Component Unit - School Board added the School Activity Funds as a Special Revenue Fund. The implementation of this standard resulted in the following restatement of net position and fund balance:

Statement No. 87, Leases, requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021.

Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period, provides guidance for reporting capital assets and the cost of borrowing for a reporting period and simplifies accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020.

Statement No. 91, Conduit Debt Obligations, provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021.

Statement No. 92, *Omnibus 2020*, addresses practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics such as leases, assets related to pension and postemployment benefits, and reference to nonrecurring fair value measurements of assets or liabilities in authoritative literature. The effective dates differ by topic, ranging from January 2020 to periods beginning after June 15, 2021.

#### Note 26-Upcoming Pronouncements: (Continued)

Statement No. 93, Replacement of Interbank Offered Rates, establishes accounting and financial reporting requirements related to the replacement of Interbank Offered Rates (IBORs) in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The requirements of this Statement, except for removal of London Interbank Offered Rate (LIBOR) as an appropriate benchmark interest rate and the requirements related to lease modifications, are effective for reporting periods beginning after June 15, 2020. The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021. All requirements related to lease modifications in this Statement are effective for reporting periods beginning after June 15, 2021.

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability of Payment Arrangements*, addresses issues related to public-private and public-public partnership arrangements. This Statement also provides guidance for accounting and financial reporting for availability payment arrangements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs), (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code (IRC) Section 457 Deferred Compensation Plans - an Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement. No 32, (1) increases consistency and comparability related to reporting of fiduciary component units in certain circumstances; (2) mitigates costs associated with the reporting of certain plans as fiduciary component units in fiduciary fund financial statements; and (3) enhances the relevance, consistency, and comparability of the accounting and financial reporting for Section 457 plans that meet the definition of a pension plan and for benefits provided through those plans. The effective dates differ based on the requirements of the Statement, ranging from June 2020 to reporting periods beginning after June 15, 2021.

Management is currently evaluating the impact these standards will have on the financial statements when adopted.

Current year contributions are from County records and prior year contributions are from the VRS actuarial valuation performed each year.

## County of Bland, Virginia Notes to Required Supplementary Information Pension Plans For the Year Ended June 30, 2021

Changes of benefit terms - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

#### All Others (Non 10 Largest) - Non-Hazardous Duty:

| Mortality Rates (pre-retirement, post-retirement healthy, and disabled) | Updated to a more current mortality table - RP-2014 projected to 2020                           |
|---|---|
| Retirement Rates  | Lowered rates at older ages and changed final retirement from 70 to 75                          |
| Withdrawal Rates  | Adjusted rates to better fit experience at each year age and service through 9 years of service |
| Disability Rates  | Lowered rates   |
| Salary Scale  | No change   |
| Line of Duty Disability   | Increased rate from 14.00% to 15.00%  |
| Discount Rate   | Decreased rate from 7.00% to 6.75%  |

## County of Bland, Virginia Notes to Required Supplementary Information Group Life Insurance (GLI) Plan For the Year Ended June 30, 2021

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from July 1, 2012 through June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

#### **Teachers**

| Mortality Rates (pre-retirement, post-retirement healthy, and disabled) | Updated to a more current mortality table - RP-2014 projected to 2020  |
|---|--|
| Retirement Rates  | Lowered rates at older ages and changed final retirement from 70 to 75 |
| Withdrawal Rates  | Adjusted rates to better fit experience at each year age and service   |
|   | through 9 years of service   |
| Disability Rates  | Adjusted rates to better match experience                              |
| Salary Scale  | No change  |
| Discount Rate   | Decreased rate from 7.00% to 6.75%                                     |

#### Non-Largest Ten Locality Employers - General Employees

<sup>\*</sup>The Component Unit School Board (nonprofessional) entered into the HIC plan in fiscal year 2021.

# County of Bland, Virginia Notes to Required Supplementary Information Health Insurance Credit (HIC) Plan For the Year Ended June 30, 2021

**Changes of benefit terms** - There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

Changes of assumptions - The actuarial assumptions used in the June 30, 2019, valuation were based on the results of an actuarial experience study for the period from July 1, 2012 though June 30, 2016, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

#### Non-Largest Ten Locality Employers - General Employees

| ,  |   |

## DISCRETELY PRESENTED COMPONENT UNIT - SCHOOL BOARD MAJOR GOVERNMENTAL FUNDS

<u>School Operating Fund</u> - The School Operating Fund is the primary operating fund of the School Board and accounts for all revenues and expenditures applicable to the general operations of the County's school system. Financing is provided by the State and Federal governments as well as contributions from the General Fund.

<u>School Activity Fund</u> - The School Activity Fund accounts for and reports all funds received from extracurricular school activities, such as entertainment, athletic contests, club dues, fundraisers, etc., and from any and all activities of the individual schools.

| Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.  Capital asset additions  Depreciation expense |                                    | \$ 797,583<br>(247,871)            | 549,712                        |

<sup>(1)</sup> School Board appropriations are approved at the fund level; therefore, appropriations should be compared against expenditures at the fund level only for legal compliance requirements. School expenditures above include disbursements at decentralized cafeteria operations in the amount of \$190,620, including inventory for commodities. These amounts are not subject to appropriation and accordingly are not budgeted.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements

Performed in Accordance with Government Auditing Standards

To the Board of Supervisors County of Bland, Virginia Bland, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Bland, Virginia as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County of Bland, Virginia's basic financial statements and have issued our report thereon dated December 1, 2021.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County of Bland, Virginia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Bland, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Bland, Virginia's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs, as item 2021-001, that we consider to be a material weakness.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County of Bland, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### County of Bland, Virginia's Response to Findings

Prolinsa, Faver, lox associates

County of Bland, Virginia's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. County of Bland, Virginia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

To the Board of Supervisors County of Bland, Virginia Bland, Virginia

#### Report on Compliance for Each Major Federal Program

We have audited the County of Bland, Virginia's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County of Bland, Virginia's major federal programs for the year ended June 30, 2021. County of Bland, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County of Bland, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County of Bland, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County of Bland, Virginia's compliance.

#### Opinion on Each Major Federal Program

In our opinion, the County of Bland, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

#### Report on Internal Control over Compliance

Management of the County of Bland, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County of Bland, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of Bland, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### County of Bland, Virginia Schedule of Expenditures of Federal Awards (Continued) For the Year Ended June 30, 2021

Notes to Schedule of Expenditures of Federal Awards:

#### Note 1 -- Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Bland County, Virginia under programs of the federal government for the year ended June 30, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County of Bland, Virginia, it is not intended to and does not present the financial position, changes in nets position, or cash flows of the County of Bland, Virginia.

#### Note 2 -- Summary of Significant Accounting Policies

- (1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.
- (3) The County did not elect the 10% de minimus indirect cost rate because they only request direct costs for reimbursement.
- Note 3 -- Nonmonetary assistance is reported in the Schedule at the fair market value of the commodities received and disbursed. At June 30, 2021, the Bland County School Board had food commodities totaling \$23,294 in inventory.

#### Note 4 -- Subrecipients

The County did not have any subrecipients for the year ended June 30, 2021.

Federal expenditures per the Schedule of Expenditures of Federal Awards

#### Note 5 -- Relationship to Financial Statements

Federal expenditures, revenues, and capital contributions are reported in the County's basic financial statements as follows:

| Intergovernmental federal revenues per the basic financial statements: |              |
|--|--------------|
| Primary government:  |              |
| General Fund   | \$ 1,982,304 |
| Less: Payment in Lieu of Taxes   | (218,819)    |
| Total General Fund   | \$ 1,763,485 |
|  |              |
| Total primary government   | \$ 1,763,485 |
|  |              |
| Component Unit School Board:   |              |
| School Operating Fund  | \$ 1,043,469 |
| Total Colombia and Alexandria had a Constitution of                    | ć 2.00/.05/  |
| Total federal expenditures per the basic financial statements          | \$ 2,806,954 |

2,806,954

#### Section II - Financial Statement Findings

| 2 | റാ | 1_ | വ | 1   |
|---|----|----|---|-----|
|   |    |    |   | , , |

Criteria: A key concept of internal control is the segregation of duties. No one employee

should have access to both accounting records and related assets.

Condition: The County and the School Board lack proper segregation of duties over the following

functions: Collections in the Treasurer's office, Accounts Payable and Payroll at the

County; and Accounts Payable and Payroll at the School Board.

Cause of Condition: The County and School Board lack the funding to fully support a completely

segregated finance department.

Effect of Condition: There is a reasonable possibility that a material misstatement of the financial

statements will not be prevented or detected by the entity's internal control over

financial reporting.

Recommendation: Management should further try to segregate duties amongst current staff to help

mitigate risk created by improper segregation of duties.

Management's Response: Management acknowledges that internal control over the functions listed above lack

proper segregation of duties; however, to appropriately mitigate the same would require additional staff. Due to cost constraints, the County and School Board have

decided not to address the aforementioned internal control deficiency.

#### Section III - Federal Award Findings and Questioned Costs

None

#### Summary Schedule of Prior Audit Findings Year Ended June 30, 2021

#### Section I - Summary of Auditors' Results

| 2020-001        | Significant Deficiency   |
|-----------------|--|
| Condition:      | The County and the School Board lack proper segregation of duties over the following functions: Collections in the Treasurer's office, Accounts Payable and Payroll at the County; and Accounts Payable and Payroll at the School Board. |
| Recommendation: | Management should further try to segregate duties amongst current staff to help mitigate risk created by improper segregation of duties.   |
| Current Status: | Finding 2020-001 was repeated in the current year as 2021-001.   |
